

# THE SUIT LADY

## HOW TO FIGURE OUT YOUR SIZE

If you have purchased from us before, the inside tag should indicate what size you are. Keep in mind all our sizes are written in European sizes.

### STEP 1

Subtract whatever number is there by 10. (Example: if it says 50, in American sizes that would be a 40).

### STEP 2

Look next to those numbers and there will be a letter. C means short, R means regular, and L means long.

### STEP 3

Look above the size and there will be a "Fusion" which means Slim fit, or "Venezia" which means Classic fit.

If you have never purchased a suit from us before, we recommend being fitted by The Suit Lady herself. However, that is not always easy. Therefore you can email at [thesuitlady@gmail.com](mailto:thesuitlady@gmail.com) or call us at (201) 805- 3168 to make sure you order the right size suit.
